## Summer Class Registration Begins!! - April 4th....

Even though it seems like Spring just got here... we are already revving up for Summer at Synergy. Our Summer schedule is ready and copies are available at the front desk and will be emailed to you soon. We always want our current Synergy students to choose classes first before opening them up to new students so if your dancer is planning on dancing this summer, sign up early! Summer classes begin Monday, July 18th and run through Friday, August 19. Try a new subject without a lot of commitment, check with your current instructor for recommendations if you need help picking your class.

Watch your email this month... Dance Pictures are May 16-18. Most classes will take pictures during their regular class time but some classes will have an extra day to come in. The schedule will be available by April 15th and will be emailed right to your contact address, hard copies will also be available at the front desk.

Is that coffee I smell brewing at Synergy??? Why yes it is! Synergy has just set up a coffee station in our front lobby for our Synergy customers. All we ask is for a modest donation of \$1.00 per cup to help offset the cost of the coffee, any additional proceeds will go towards helping our competition team travel to Nationals this Summer. We have all the fixins for you too, please just make sure you keep your little ones away... hot, hot hot!!!

## What is Priority Registration???

Synergy is offering something new this year to all our current students. You will receive a packet in late May through the mail with "Priority Registration" on it. This will contain a recap of your dancers year with Synergy, a recommendation for next year, a registration form and a fall 2011-2012 schedule. Our first priority is always to take care of our current students before offering classes to new students. Last year we were very fortunate to have several classes fill up and close right away, unfortunately some of our "regulars" did not get the classes they wanted... well not anymore. Your "priority registration will guarantee you a spot in your chosen class/classes for the Fall term with only the \$30.00 registration fee to hold it, no tuition due at this time. This is a great way to start setting up your next year's schedule so you can plan other activities after your dance classes have been chosen. Teachers will also be available for one on one conferences if you need more information.

In case you didn't know we do have a lost and found at Synergy. It's located in the girls dressing off the main lobby. Last time I checked there were several pairs of dance shoes and we know they don't come cheap! Please check the lost and found next time your in .

## Competition—the inside story

If you've ever driven by the studio on a weekend or somewhat after hours and seen a group of dancers rehearsing you've probably seen the Synergy Dance Company. They are a group of hard-working, dedicated dancers that take on average 10 hours of dance per week to hone their skills. They compete regionally and nationally and take master classes from visiting teachers. They work hard and they play hard and have lots of fun! The company accepts dancers from age 7 and up and if you're looking to step up your dancing we're looking for you. Synergy Dance Company auditions happen this summer, second week of August. To be considered for the company you must take summer classes at your designated level and you must audition for each dance that you would like to be considered for. After making the company you will be required to take certain classes to keep your skills sharp. Synergy will have an open meeting in June for any families considering competition next year. In the meantime if you have questions or want more info before the meeting please contact your teacher....

## Get Your Dance On!! - Coming Soon

Most classes are in "recital mode" starting now... the teachers at Synergy are committed to giving you the greatest show and making sure your dancers shine their brightest. Please help us accomplish this by making sure they make their weekly dance classes, If they only dance once a week and they miss one week it's really missing 25% of their classes. We will be scheduling make ups soon for the two snow days we had this year so watch your emails for those. Many of you have already paid your recital fee and I know everyone else will have it in this month. Remember the recital fee sets aside two tickets per show per dancer for you. You will also be able to purchase additional tickets in June when they go on sale.
