WELCOME!

After a long hard day at work either on your feet or at your desk, indulge yourself in the pleasures that bring your body back to life! With the caring and tenderness that you deserve everyday.

The Taylor Spa has many services all designed around you. You are the most important person in your life everyday. Taking time out for your family, your job, responsibilities, and other commitments.

Release yourself at the end of the day and let our services take your mind and body to a relaxed state of mind that keeps your life in balance.

Private Bathing

Indulge yourself and let your own personal bather take care of you, with rich foam milk bath and shower gel soap. Feel your body being cleansed while your mind releases all its tension of the day.

Soak for a short period or option for the long candle lit session. With any one you desire, each are all designed around you and bring your body back to life. Be prepared to be pampered you could get used to this.

Full Body Massage

Be prepared, to lose all of your tension from a days work, whether at the office or just everyday things you do around the house.

As your body is oiled up, your personal massusse will pinpoint and relieve all the tension areas and sore muscles throughout your entire body.

Neck- One of the most tensioned areas that build up from everyday stress, concentration is vital to this area for relief of tension.

Back- The secondary area that also builds tension through your muscles, shoulders, and lower back. Each area requires special attention during the massage period.

Arms- Everyday actions create sore joints and muscles, from the triceps, biceps, down through each finger, attention to these details is very important.

Legs- What we use everyday to carry ourselves, walking, running or just everyday standing creates much stress through the leg muscles down to the calves, ankles and feet. Each area is taken into account during the massage period.

Buttocks- This is an option that can be discussed with your personal massusse.

Complete Foot Massage

Experience the relief of all your tensions that build up down to your feet from everyday stress.

Designed just for you to remove the roughness around your feet to bring back the softness that was meant to be.

Feel the invigorating heated foot bath as it removes the last point of tension through your body. Soak for a short period or an extended period for deeper therapeutic release of your stress. Your personal foot massage will pay special attention to each muscle and joint in your feet.

Ankles- Every step you take can cause tension around each ankle putting more pressure on the foot muscles. Attention is taken to relieve this stress.

Feet Walking, running or carrying heavy loads each day can cause your feet to ache even more, on top of the everyday body stress that you feel. Particular attention is paid to each foot. Also to remove all the roughness that has been attributed to everyday walking in certain types of shoes.

Toes- You can see why the last little piggy went "we, we we, all the way home!" Each toe is the final and last destination of stress appendages. Each toe is carefully handled with the most extreme care and detail for final stress relief.

Outdoor Balcony Therapy

The final phase of the Taylor Spa visit, lose yourself out in the open air or in midnight darkness, candle lit with your own personal massage.

This is only for V.I.P. members and since you are the only V.I.P. member to the spa, your choices can be anything you desire for the balcony therapy.
